RE: Fifteen Minute Parking on Madison Street east of Perkins Boulevard

At the request of the Director of the Plymouth Childcare Center located at 148 E. State Street, I recommend that we amend the traffic map to create a fifteen minute parking spot, large enough for two cars, on the south side of Madison Street, 100 feet east of Perkins Boulevard. This parking change would allow parents to drop off infants and toddlers close to the entrance of the childcare center without negatively impacting traffic flow in the area.

Public Works Director Larry Gobel and I have personally visited the location and find this change to be acceptable. This change will enhance pedestrian safety in the area.
